

Invited Talk-3 of “Science Talk Series-2024” organized by Science Forum in collaboration with Department of Chemistry, Bhawanipur Anchalik College

Science Forum, Bhawanipur Anchalik College in collaboration with Department of Chemistry, Bhawanipur Anchalik College & IQAC, Bhawanipur Anchalik College organized the third invited talk of the year-long “Science Talk Series-2024” on 10th April 2024 at the college premises.

Dr. Bidisha Baidya was invited as a guest speaker for the invited talk-3 who spoke on the topic:

“Unveiling the Mysteries: Role of Forensic Chemistry in Criminal Investigation”

Dr. Baidya is an Assistant Professor in the Department of Chemistry, Abhayapuri College.

Formerly, she was employed as a Scientific Officer, Directorate of Forensic Science, Kahilipara, Govt. of Assam in the Drugs and Narcotic division. Dr. Sumitra Bhattarai, Assistant Professor, Department of Chemistry, Bhawanipur Anchalik College formally introduced the distinguished guest speaker to the esteemed audience and adeptly hosted the entire program.

The speaker provided insightful remarks, both on academic as well as career options in Forensic Science with special emphasis on the role of chemistry in Forensic Investigations.

The program was attended by Principal, BAC, faculty members and BSc 2nd semester students. The students had shown keen interest and actively participated in the interactive session over a cup of tea.
