CELEBRATION OF THE “INTERNATIONAL DAY FOR BIODIVERSITY”

The **Eco Club** of Bhawanipur Anchalik College in collaboration with the **Department of Zoology** and **Department of Botany** of the college celebrated the “**International day for biodiversity**” on **22.05.2024** (Time: 02.00-03.00 pm, Venue-Smart Hall) at the College campus.

The Program was hosted by Ms. Trishnaxhi Swargiari, Coordinator, Eco Club, Bhawanipur Anchalik College and explained the purpose of the program and importance of biological diversity in brief. Ms. Swargiari also mentioned about **Biodiversity Register** the of college campus which is maintained by the Eco Club along with the Department of Botany and Department of Zoology and includes all the flora and fauna of the campus documented till now. In future, the register will further updated with the inclusion of floral and faunal diversity of the Bhawanipur area.

This ‘Biodiversity Register’ of the campus is planned to update every year on 22nd March and this year the updated register has been presented by Dr. Khirod Sankar Das, Head, Department of Zoology and Ms. Mami Das, Head, Department of Botany.

Dr. Das lucidly presented the faunal diversity of the campus. Various species of butterflies, dragonflies, damselflies, fishes, reptiles, birds and mammals documented till date from the campus have been discussed in details by Dr. Das. He clearly mentioned about the importance of faunal diversity in maintaining the ecological balance of any area. He also explained the theme “**Be Part of the Plan**” of **IDB, 2024** to the audience in order to understand the role to be played by each and every one of us.

Ms. M. Das talked about the threats to biodiversity, importance of conservation and the relevance of biodiversity in our everyday life. Madam beautifully presented and discussed the floral diversity of our college campus. She also discussed about the future plans to increase the green cover of the campus and the nearby area and its proper maintenance.

Faculty members and students of various departments attended the program and actively participated. They are quite eager to work for the conservation of biodiversity of the campus and their local areas. They are also very enthusiastic to contribute in the annual update of the biodiversity register of the campus. At the end, the program was ended with vote of thanks by Mr. Abhijit Bora, Assistant Professor, Department of Mathematics, Bhawanipur Anchalik College, Bhawanipur.
