GREAT BACKYARD BIRD COUNT, 2025

The **Great Backyard Bird Count, 2025 (GBBC)** was successfully conducted at Bhawanipur Anchalik College on **17th February 2024**, organized by the **Department of Zoology**. This citizen-science event aimed to observe, identify, and document bird species in the local environment, contributing to global bird conservation efforts.

The event commenced with an inaugural session where faculty members and students were briefed by **Dr. Khirod Sankar Das (HoD, Department of Zoology)** on the significance of the event. The participants, including students, faculty, and bird enthusiasts, actively engaged in bird watching and data collection within the college premises and nearby areas. Equipped with field guides, the team recorded **23 different bird species**.

After the bird count, a discussion session was held where participants shared their experiences. Faculty members emphasized the importance of such initiatives in fostering awareness about avian conservation and ecological balance. The recorded data was uploaded to the **GBBC global database**, contributing to scientific research on bird populations and distribution.

The event concluded with a vote of thanks by the organizing committee, appreciating the enthusiastic participation of students and faculty. The **GBBC 2025 at Bhawanipur Anchalik College** was a grand success, reinforcing the commitment of the Department of Zoology toward environmental education and biodiversity conservation.
