Report on the Celebration of World Water Day 2025

Venue: Bhawanipur Anchalik College

Date: 22nd March, 2025

Time: 11:30 AM

To commemorate World Water Day 2025, an impactful awareness programme was organized on 22nd March, 2025 at Bhawanipur Anchalik College. The event was a collaborative effort jointly conducted by the Bajali Public Health Engineering (PHE) Department, the NSS Unit, and the Department of Chemistry, Bhawanipur Anchalik College. The core objective of the programme was to raise awareness on water conservation and to encourage sustainable usage practices among the student and teaching community.

The programme commenced at 11:30 AM, graced by the presence of several esteemed dignitaries, including Mrs. Mridula Choudhury, District Coordinator, PHE Bajali; Mr. Simanta Das, Technical Officer, PHE; and Mr. Deepjyoti Bayan, Assistant Chemist, PHE. A large number of faculty members and enthusiastic students also participated actively in the event.

The event was formally inaugurated with a **welcome note** delivered by **Dr. Manas Kumar Chakarbarty**, Principal of Bhawanipur Anchalik College, who emphasized the significance of sustainable water management and the role of youth in environmental conservation. The programme was skillfully hosted by **Mr. Khirod Kalita**, Assistant Professor, Department of Botany, whose eloquence and coordination ensured smooth conduct of the proceedings.

Key Highlights of the Programme:

- Awareness Talk: An enlightening awareness session was delivered by Mrs. Mridula Choudhury and Mr. Simanta Das of PHE Bajali. They highlighted crucial aspects of water conservation, public health, and the importance of community awareness in maintaining water quality.
- Technical Session: A hands-on Field-Testing Kit (FTK) training session was conducted by Mr. Deepjyoti Bayan, Assistant Chemist, PHE Bajali. Students were trained on methods of water quality testing using FTKs, which was both educational and engaging.
- Extempore Speech Competition: An inter-student extempore speech competition was organized as a platform for students to articulate their thoughts on themes related to water conservation. Participants spoke with clarity, conviction, and creativity. The competition was evaluated by Ms. Aparna Deka and Ms. Velishna Doley, who served as the esteemed judges. Based on their performance, three participants were selected as First, Second, and Third Prize winners.

The programme concluded with a **vote of thanks** delivered by **Dr. Priyanka Kalita**, Assistant Professor, Department of Chemistry, who expressed gratitude to the guests, participants, and organizers for making the event a grand success. The event served as an excellent opportunity for learning and inspiration, leaving participants with a deeper understanding of the value of water and the importance of conserving it for future generations.
