REPORT OF FEEDBACK ON SYLLABUS AND TRANSACTION: SESSION: 2021-22

Keeping in mind for the systematic evaluation of the Quality Parameters and taking necessary steps for the overall uplift, the IQAC has regularly been collecting Feedback from the Stakeholders viz. From Students, Alumni and Teachers with the help of well developed Scale as per the UGC/NAAC directions. For the Session 2021-22 such Feedbacks on Curriculum, Syllabus, Infrastructural Facilities and Performance of the Teachers have been collected and analysed result has been reported as:

Feedback Analysis of the Students:

In the feedback form for students various questions on quality parameters of the teachers in various aspects like; effective teaching, use of ICT tools by the teachers, coverage of entire syllabus, coverage of topic in detail, clarity of communication by the teachers, subject knowledge of the teachers, counselling of the students by the teachers on academic and non-academic matters and the relationship of the teachers and students were given. After analysis of the feedback it was found that 72% students found the teaching is very effective. Regarding the use of ICT tools the students opined that 80% of the teachers used ICT tools in the classrooms. The feedback on coverage of syllabus 95% students said that the syllabus was timely covered. Regarding communications skills of the teachers and knowledge of the teachers on taking class with full preparations 80 to 90% students were agreed positively. Most of the students are agree with the question of counselling by the teachers outside and inside the class room on academic and non-academic matters. Almost all the students responded it positively. They also opined that the student's teacher's relationship in the institution is excellent. Regarding the departmental activities the students are found to be given satisfactory result. Regarding assessment of the students on individual teacher, the teachers were communicated by the IQAC personally and let them to know the feedback of the students and advised for improvement where necessary.

The feedback were also collected from students on the services of college library, office staff, canteen facilities, parking facilities and other facilities available in the college. After analysis of the feedback it was found that most of the students expressed highly positive views/opinions on the increased/renovated infrastructural facilities in the college. Regarding services of library and college office most of them expressed their satisfaction. However the students feel improvement in the canteen services though they are satisfied with the infrastructure facilities of the canteen.

The feedback from the students on curriculum design and implementation in the college were collected through Google Form as Students Satisfaction Survey Report (SSS) and its online analysis has been made separately.

Feedback Analysis of the Alumni:

The feedback from alumni is collected in the alumni meeting and in some cases on other occasions when the alumni visit the institution. The feedback form of alumni incorporates the usefulness of curriculum or courses for getting job/occupation, the infrastructure and lab. Facility in the college, all faculties of the college, canteen, library and hostel facility of the college, educational resources available in the college library, on admission procedure of the college and performance of the college office staff during their stay in the college. After analysis of the feedback it was found that the course and syllabus design by the affiliating university and implemented in the college is not fully job oriented. They feel that the courses and syllabus must be made job oriented. However they expressed their satisfaction over the infrastructure facilities of the college, hostel and canteen. They also satisfied with the educational resources of the college library. However they suggested for increasing books, journals, e-books, e-journals etc. keeping in view the increasing number of students in the college. They also opined that the digital library helped them a lot in searching their books as per their choice. The performance of the departments in teaching learning process was found to be satisfactory by them. They are of the view that the departmental academic activities help them a lot for preparing for the examinations

Feedback Analysis of the Teachers:

The feedback from all the teachers of the college was collected on curriculum design and implementation. They were asked to comment on the curriculum set by the affiliating university, adequacy of the content of the syllabus, flexibility in the curriculum, Internal evaluation system the availability of books, study materials covering the syllabus, Need of revision of the curriculum, whether the course content are need for the students and whether skill based education is essential to incorporate in the curriculum. After analysis of the feedback it was found that nearly 80 percent of the faculty members responded the curriculum design as excellent. The remaining 29 percent of the teacher rated it as very good. The most of the teachers was also of the view that the syllabuses designed on the curriculum are students friendly. But, most of them are disagree on the issue of non-availability of books in regional language. The present syllabus is fully flexible and almost all the faculty members were agree to a great extent with this view. On the internal evaluation system 90 percent of the teacher said it as an excellent, remaining 20 percent commented it as either very good or good. In case of availability of library books most of the teachers agree of the views that the present library books helped the students to a great extent. But they opined that the no of books must be increased to meet the increasing demand of the students. They were also of the view that the books on regional language should be increased in the library. 60 percent of the teacher was strongly agreed on the issue that the course content were helpful for the students in fulfilling their needs. Remaining 30 percent were agree on the view and other 10 percent were neutral. All the teachers were agreed to a great extent that the skill based and job oriented courses must be incorporated in the curriculum. This will help our students to become self employment after complementing their academic courses.

But someone poor

1. The institution frequently organises extra curricular activities for the benefit of students. They should continue and enhance this trend.

2. I have found the teachers very friendly and supportive.

1) college should take necessary steps to make new washrooms or reconstructing them.

Best learning process for all students and me also. I have learned my syllabus very well. I think teaching capacity is the most powerful and all are students agree with me. Thank you.

Our overall teaching_learning process is very Good.

Very good

I love my college, Awesome teaching tuff,so clean and discipline in my college

My experience is very good

1. If a teacher is busy and not going to take his class then he should inform the students.

2.theachers should discuss what a student exactly want exactly from them.

3.teachers show seriousness toward students just few days before the exam....when the students need study leave to prepare for the exam....the teachers are suddenly serious to take their classes

4. The teachers of my depertment just don't understand us at all..

5. Thatcher's of my depertment are really annoying....when we go to college seriously to take classes they couldn't take it....
But if we don't go to classes...it's an issue...

If they don't take classes it's fine...if we do that then we get scolded...we also have our problems...they should understand them....
There are many times when we have to wait 3 4 hours for 1 single class and after 4 hours we got to know that the teacher is busy l..he will not be able to thake class...we are like what's this attitude

6..they don't give us notes..they don't give us any idea what should we write on our examination..

I am just frustrated

My college is very good and my teachers very good

My college is very good and my teacher all very good
